

# Fact Sheet | **Posterlounge®**

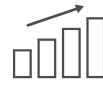

Since 2003, Posterlounge stands for high-quality wall design: true to the motto 'art for every wall', the company prints timeless photographs, exclusive illustrations and classic art prints on modern materials – in its own print house and on demand. As an online art publisher based in Leipzig, Germany, Posterlounge offers artists the opportunity to market their works with only little effort. Thus, they can use the platform as an additional sales channel. Collaborations with renowned image and artist agencies such as Bridgeman Art, Everett Collection and World Art Group complement the high-quality portfolio.

## FOUNDED IN 2003

Starting life as a decorating company, Posterlounge GmbH was founded in 2003. Since then, our company has been run by its three founders, Falk Teßmer, Florian Teßmer and Mandy Reinmuth, as a family business.

## 100% GROWTH

Thanks to our terrific team, a constant stream of new ideas and a sophisticated corporate concept, we are steadily growing at a rate of up to 100 per cent a year. This is something that we are particularly proud of.

## IN-HOUSE PRODUCTION

Our in-house production site enables us to meet the quality standards we have set ourselves and, most importantly, all of our customers' needs. Regular quality control and one-to-one communication across our teams ensure that these standards are kept high.

## INTERNATIONAL MARKETPLACES

Shortly after having successfully established ourselves in the German market, we ventured into international territory with our English shop. As of 2017, we launched additional shops in European markets such as France, Spain, Italy and Sweden.
